

ITALY – ABRUZZO : STATIONARY RIDE
YOUR ITINERARY

DAY 1 : SATURDAY

Having enjoyed a welcome drink you will get a safety-briefing and time to settle in. In the evening there will be a 3-course dinner.

FROM DAY 2 TO DAY 7

Every day, you will go around the farm to visit the countryside and the mountains area. It's one of the most fabulous and protected area in Italy (and certainly in Europe). Also, you will discover some little village around who was created in middle age, and so has lots of history.

We will come at the farm every evening for diner and night.

A (rental) car is highly recommended to enable you to tour the surroundings which offer quite stunning scenery and plenty of picturesque

villages clinging to the mountain slopes. Besides Pompei is only one hour and a half away by car. For those of you who prefer the seaside there is also good news. The Adriatic coast with its wide beaches can be reached within the hour. And there is a swimming-pool nearby (30 minutes by car).

The last two days we make a real trek and ride approximately five hours a day. After two hours we stop at a restaurant to have lunch. That night is spent at a mountain lodge. It is simple, but disposes of toilets and a shower. The next day the horses take us back to the farm-house. Picnic will be at a beautiful spot.

DAY 8 : SATURDAY

Departure after breakfast.
